

Board of Mechanical Examiners

Board meetings are held:

- Meetings are held twice per year, usually in March and September.
- Time, date, and place will be advertised.
- Development Resource Center
Conference Room (1-A)
1250 Market Street
Chattanooga, TN 37402

According to the ordinances, the electrical, plumbing, gas, and mechanical boards meet twice per year, usually in March and September, immediately prior to time that the exams for each discipline are given. Special called meetings may be held at other times during the year should the need arise to hear cases which require disciplinary actions.
